

varaDA-maNi

The chanDam for the song is :

[thananaA] [thananaA]

[thanathAna]

(thananaA) = 4 mA+Aas

= thaka - Dhimi

(thana-thAna) = 5 mAtrAs

= thaka - thakita

In many songs Guruji has expanded / elongated the 'thongal'. This song is an exception. He left it as (thaka - thakita).

Thus this song has a (thaka - Dhimi) (thaka - Dhimi) (thaka - thakita) = 13 mAtrAs = 6.5 aksharams in maDhyama kAlam.
