

marumalliyAr

The chanDam for the song is :

[thana-thayya] [thAna-thana]

(thana-thayya) = 2 + 3 = 5 mAttrAs

(thAna-thana) = 3 + 2 = 5 mAttrAs

[thana-thAna]

= thaka - thakita

= thakita - thaka

(thana-thAna) = 5 mAttrAs

= ?

The 'thongal' has 5 mAttrAs. Guruji added 1 more to the 'thongal', to make it 6 mAttrAs, equal to (thaka - Dhimi - thaka). With the above the thALam = (thaka - thakita) (thakita - thaka) (thaka - Dhimi - thaka)
